

BECOME A MASTER COMPOSTER!

Learn the art and science of composting and how to teach it to others in this five-week, hands-on course taught by Master Composters from the Solana Center for Environmental Innovation.

Master Composter Training Course

Tuesdays, April 8 - May 6

6:00 - 8:30 pm

**City of San Diego's Ridgehaven Compost Demonstration Site
9601 Ridgehaven Court, San Diego**

After completing the course, participants volunteer 30 hours for the Solana Center by teaching and inspiring people in their communities at workshops and community events, in school classrooms and gardens, and at compost demonstration sites.

For more information, and to register, visit
